Welcome to San Diego's Creative Investors Association. SDCIA was formed to promote networking and learning between San Diego real estate investors. If you buy, sell, rent, flip, lease-option, loan, etc, **this is your club!**

We welcome all levels of experience. We meet on the 2nd Tuesday of every month and feature an expert speaker at every meeting. Doors open and networking starts at 6:00 PM!

However, there's no need to wait for a meeting to get started. There are many features that you can begin taking advantage of right away just by registering with the site. When you're ready, just click the register button below and join in on the discussion.
